Completed investigation

On 10 May 2018, the FRC adopted the investigation report on the audit of the consolidated financial statements of a listed entity for the year ended 31 March 2010.

The FRC found that the auditor, the engagement partner and the engagement quality control reviewer failed or neglected to observe, maintain or otherwise apply certain professional standards in respect of (i) provision for inventory obsolescence and (ii) revenue from sales of goods in the relevant financial statements. In particular, it was found that:

- (a) the auditor and the engagement partner were in breach of Hong Kong Standard on Auditing (HKSA) 315 *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement*, HKSA 500 *Audit Evidence*, HKSA 530 *Audit Sampling and Other Means of Testing* and HKSA 540 *Audit of Accounting Estimates*.
- (b) the EQCR was in breach of HKSA 220 *Quality Control for Audits of Historical Financial Information* to carry out an objective engagement quality control review.

The investigation report has been referred to the Hong Kong Institute of Certified Public Accountants to determine if any disciplinary actions are warranted.
